

# Under the Stars with Beethoven

SShhhhhhhhhhhhhhhhhhhh!!!!

Don't let them hear  
were getting away  
*"Calandro"*  
as we make for the gate

*"Moderato"*  
As we make our escape  
the cold air  
cuts my face  
you're behind me  
are you ok?

*"Accelerando"*  
Were safe, are we?  
Look behind me  
our prison  
looks so far away.

With *"Forte"*  
Push on that pedal  
were now flying  
down country lanes  
the *"Aria"*  
cuts my face.

*"Maestoso"*  
Is the night sky  
*"Altissimo"*  
are the stars  
*"Affettuoso"*  
Is your face

*"Grazioso"*  
The astronauts move  
Beethoven's 5<sup>th</sup>  
fills their suits

Under the stars  
with Beethoven  
*"Con amore"*  
lets never go back

*"Allegro"*  
Straight up towards  
the Plough  
Just past Orion  
we escape our prison
